Santa To Visit Here Tuesday

The school children, up to and including Grade 8, will again be visited by Santa Claus this year. The Rotary Club has succeeded in making arrangements with Mr. Claus to visit here on Tuesday, December 23,—just two days before the busiest day on his busy schedule. School children and preschool children are invited to be at the Christmas tree at ten o'clock Tuesday morning so that Santa can present a gift to each of them.

Monday evening Mr. and Mrs. Alma Hancock entertained members of the Rotary Club at their lovely new home.

After a delightful lunch, reports were given by T. Geo. Wood and Frank Taylor on the new Library and how money was to be raised for the Project. The remainder of the program consisted of community singing and the showing of colorful slides.

Special guests were Dr. and Mrs. Harlan Taylor and Dr. and Mrs. Gordon Anderson.

High Tribute Paid To D. C. "Dave" Peterson

Dave Peterson was once a resident of Raymond so he had many friends here.

Wherever Dave hung his hat he had friends whether he stopped for ten minutes or ten years. It was my great pleasure to be counted among this and there will always be a tender spot in my memory for a fine man and an understanding teacher.

We take pleasure in reprinting the following editorial from the Cardston News.

We have lost a good friend. We are going to miss his witty sayings and eloquent little speeches. If we had Dave's gift of eulogizing, we could say what is in our hearts. Right now we are all choked up inside with the loss.

Dave was a good husband and father—he thought the world of his family. We who were close to him on the Street know...telling us what Ken was doing, or Carol and Joan.

We, on Main Street, found it a pleasure to do business with Dave. If he disagreed with a certain question he told us so. He was as honest as the day is long and his word was his bond.

He was a printer right up to the very end. Some of the last words he uttered were: "It's a long run."

We hope, some day, when we pass on, to hear that old familiar greeting: "Howdy". At present, all we can say is: "It's been a privilege knowing you—we'll be seeing you, 'D.C.'!"

28th Annual Thanksgiving Dinner

The other night our friend Joe came rushing downstairs and told us breathlessly that if we wanted to see the "Peeping Tom" we had better hurry and come upstairs and take a look. Belongs as how we are rapidly approaching "the middle years" we suggested he simmer down and tell us what the situation was—which he did.

Just an old tom cat sitting on the outside window sill!

Venita Vance Honored At Shower

The Stake house was gayly decorated Wednesday evening when friends and relatives called to honor Venita Vance at a Miscellaneous Shower. Mary Snow was in charge of the Guest Book while Connie Clark, Arlene Wendell, Louise Dahl and Inez Christensen arranged the gifts.

Grace Selman sang "Roses of Picardy" after which Mrs. Edda Brandley presented two readings; one serious and one humorous, followed by a piano duet by Margaret Bridge and Katherine Keeler. Fourth Ward Celebrates 6th Birthday

Almost the entire membership of the Fourth Ward gathered at the Stake House recently to enjoy the celebration of the Ward's Sixth Birthday.

After the wits of the ward had had the opportunity of telling a few jokes and wise comments, with Jerry Gibb as Master of Ceremonies, Bishop Snow and President Walker spoke of the division of the Wards and the progress made since then and Bishop Snow expressed a welcome to the assembled gathering.

The delight of the evening was the fried chicken supper with all the trimmings, followed by an entertaining program which featured stars; past, present and future. Nadine and Norma Meldrum played a piano duet and Mrs. Taylor, in the guise of a Scandahoovian, presented a comic reading (with a message). The stars of the past came into their own when Mrs. Ruth Gibb showed Barbara Tolstrup pictures of Ira McBride, Mrs. Frank Hicks, Mrs. Albert Winkler, Mrs. Athol Cooper and Mrs. Rolfsen, all of whom were dressed for the part. A comical rendition of the song "Who Put the Ski Socks in Jim Bridge's Sop Chuey" was done by the suitably costumed stars, Alma Mendenhall, Mary Watson and Bertha Stone after which Mr. Bridge presented his production masterpiece, "The Gospel". The crowning achievement of the program was the gazette presented by Mrs. C. R. Wing—in fact we enjoyed it so much we thought you would also get a great bang out of it so we are printing it for posterity. Of course part of the fun of it was Mrs. Wing's presentation but if you use your imagination a wee bit you can join with us in our merriment.

Six years ago it was necessary to choose a Bishop for the Fourth Ward. After discussing this man and that, some one said "What about that big snow man over there". "Oh he's to cold, we must have someone with a warm personality". "But he's GOLDEN SNOW". So Golden Snow it was. When he was told, he turned REDD. ALLRED, then GRAY, the beautiful new shade VANDA GRAY.

"Our Ward must be solid, it must be founded on a rock", said Golden, so he chose a STONE for his first Counsellor. We must also endure to the end. Who is long enough to endure to the end. GALBRAITH of course.

So it was Snow, Stone, Galbraith. They held a consultation with their wives: Eunice of great faith, Eunice, Timothy's mother in the Bible.

Mary, as sweet and lovely as the Bible Mary.

Beth, one of the best loved of all "The Little Women".

Warmth—strength—length—faith—sweetness—well beloved, who could ask for a finer combination.

When they reported to President Walker, he said "How do you propose to make the transition from the First to the Fourth Ward?"

"Oh, we'll use our BRIDGES which span our BABBLING brooks and along where FAIRBANKS are dense WOODS Or we'll step on our stepping STONES or spread our WINGS and fly over."

"I have some advice to give you—PERKS up your people. I hope the CARDS aren't stacked against you. You have a few HICKS and too many say GIBBS me, GIBBS me. Don't let your KING hold his COURT and don't try to keep up with the JONES. Now see what you can do. We shall inspect."

When the six years were up the Bifawns leaves. Lyle Lybbert has purchased Bert's truck and is doing the shop sent out ADVANCE notices. As Drayage and Hauling.

'53 DODGE

Illustrated—Dodge Regent 4-door sedan includes certain extra equipment items. Check with your local Dodge dealer for information on standard equipment.

new beauty

In style and beauty, you'll find that the '53 Dodge is new and finer in many ways. It has that long, wide, low look that draws admiring glances. Graceful, sweeping fenders and the broader, lower rear deck lend a touch of continental styling. There's a new type of one-piece curved windshield and an attractive new wrap-around rear window which give you better vision. You'll like the smart, new instrument panel with its central glove compartment for easy access. The beautiful new interiors and rich new colours add a further note of elegance to the most beautiful Dodge cars ever produced in the low-price field.

finer performance

When you take the wheel of this stylish, more compact Dodge, you'll quickly discover that, in performance, too, Dodge is new and finer. You'll find that this new Dodge handles with astonishing lightness and ease—clings surely to curves—parks without effort. On the highway, you'll experience finer performance and easier acceleration at higher speeds—result of the new higher gear ratio. And with Overdrive (available at extra cost) your highway driving becomes even smoother and more economical. Arrange now to get behind the wheel and put the new Dodge through its paces.

new 3-way smoother ride

When you drive a new Dodge, you'll find a 3-way smoother ride... steadier... more level... softer. You'll agree it's the most comfortable ride you've ever experienced in any car at a comparable price.

It's a steadier ride because of a wider frame, a lower centre of gravity, and the new positioning of the wider rear springs. It's a more level ride, the result of synchronized springing and scientific weight distribution. It's a softer ride because of "Oriflow" shock absorbers and wider, softer springs.

Be among the first to experience this thrilling new ride. Phone your Dodge-DeSoto dealer for a demonstration.

USED CAR PRICES SLIP

Used car prices have slipped - not much, but enough to be noticed by wary buyers, reports The Financial Post.

How much of the drop was due to seasonal drop in demand - with couples thinking more of the fireside than the open road - and how much it was due to the coming of 1953 models were also questions that had dealers scratching their heads.

But most were not too worried. Prices have held firmly for the past three or four months and though the usual peak in spring demand didn't occur this year, it's been a steady season. Dealers didn't expect any drastic price cuts now.

Tags on the 1948 - 51 group had been lowered about \$100 with '46 and '47 models down about \$50. The 1952 models are still holding their prices but these are expected to drop substantially as the birthdate of '53 jobs draws nearer.

FOURTH WARD BIRTHDAY PARTY

(continued from page one)

soon as all were assembled the Bishop said: "HARKER ye, HARKER ye. We are about to be appraised".

Finally the Stake Dignitaries filed in. They praised the beautiful flowers imported from HOLLAND.

The first question was: "Who was taking care of our Spiritual Home". "JOSEPH, our illustrious ancestor of course. He had come down to look after his descendants.

Then they inspected the men's suits. Who had made them? They had never seen such beauties. "Why, our TAYLORS of course. And the material, where did we get it? "We manufacture our own, hadn't they noticed all the little WOODLEYS about."

The women's hats—who fashioned such gorgeous creations? Why our own stylist—GILCHRIST.

They couldn't find a rent or a fear. How were we able to keep our clothes in such a good state of repair? They understood after being conducted through our well equipped MEN-DENHALLS.

The fields were next to be inspected. "Were they wheat fields or beet fields?" "Neither—all LITCHFIELDS.

Now they were ready to be entertained—and what an entertainment! All acrobatic stunts by KEELER, TURNERS, and little PAWNS dancing about to the music of bells and drums, ZOBELLS and MELDRUMS.

The food served was delicious BINGHAM—prepared by our special COOKS in utensils kept in good repair by our own careful COOPERS.

Then we had a parade—first our own Native Sons: ANDERSON, CHRISTENSEN, PETERSON'S, ROLFSON, RASMUSSEN, ROBINSON, WATSON, then lovely little girls—each with a new DAHL.

MORE FAILURES

Business failures in Canada in the second quarter of 1952 continued on the uptrend.

Incompetence or lack of experience in one way or another continues to be the major causes of failure.

Failures in the second quarter of 1952 totalled 236 - 23 more than the 213 failures in the second quarter of 1951 and 62 more than the 174 failures in the second quarter of 1950.

There were, however, 49 fewer failures than in the first quarter of 1952.

GOVERNMENT BUSINESS**The Problem of Surface Owners Rights**

Under the common law of Canada the title to mines and minerals always included the right of entry and the right to use as much of the surface as might be required WITHOUT ANY COMPENSATION to the surface owner OR WITHOUT LIABILITY except for negligence.

However, with respect to oil and gas development, the Alberta Government maintains that the owner of the surface is entitled to full compensation such as he would receive if his lands were needed for a canal, railway, highway, power line, coal mine or any other project in the public interest.

The Answer to the Problem

To assure land owners of compensation, laws were passed requiring those entitled to work the minerals to compensate the owners of the land. In 1947 the Right of Entry Arbitration Act, was passed. This set up a Board of Arbitration to deal with compensation to surface owners.

Under the Act no operator shall have the right of entry, or use of the surface of any land until he obtains the consent of the owner of the surface rights and the occupant thereof. If consent is not granted the operator must apply to the Board.

In dealing with the application the Board determines the portion of the land required, the position, the amount of compensation after consideration of such factors as the value of the land, the permanent damage, the adverse effect of the right of entry and other factors deemed proper or applicable, to make sure the land owners receive fair and generous treatment.
